

UNDERSTANDING ASSET LIFE: HOW CAN WE IMPROVE?

PWI LONDON HALF DAY TECHNICAL SEMINAR

The seminar will cover the key stages and processes involved in understanding asset life with certainty and the support necessary for making the right decisions for ongoing maintenance and renewal.

The seminar will review getting the asset data, converting this into useful information, developing better sources of information, processing the data intelligently, reviewing results, the setting of thresholds, making decisions based on the analysis, reviewing policies, undertaking work and then the confirmation feedback loop with any resulting adjustments.

SPEAKERS FROM: Network Rail, TfL , AECOM and Amey
